Leeds Community Healthcare NHS Trust

Dear Parent/Carer

The School Aged Immunisation Service recently visited to deliver the seasonal **FLU** vaccination. If your child was **vaccinated at session, please disregard the information below.**

- **WHAT TO DO IF YOUR CHILD IS IN A PRIMARY SCHOOL AND UNVACCINATED:** If you have completed a consent form but your child was not vaccinated on the day, you will receive instructions via a text message to arrange a community clinic appointment.

- **If you did not complete a form in time for our school visit:** the link will reopen after the school session. Please ensure that a consent is in place, using the original link and code (provided by school) before contacting us on 0113 8433101 to arrange a community clinic appointment.

- If you are booking a community clinic appointment for **3 or more children**, please contact us on 0113 8433101 and we will assist you

- **WHAT TO DO IF YOUR CHILD IS IN A NURSERY AND UNVACCINATED: If your child is in nursery and we did not vaccinate on the day, please book an appointment with your GP or enquire at your local pharmacy at any time during the flu season.**

- Some pharmacies are offering the flu vaccine to those children who missed the school session from the 1st December 2026. Please contact your local pharmacy to see if they are providing this service.

Yours faithfully

School Aged Immunisation Service
